Miss
McCann

The 1968 ROX Staff takes great pride in dedicating this yearbook to Miss Doris McCann.

Miss McCann, you became a member of the Roxana faculty in 1949, assuming duties as a teacher of commerce and history. You later taught French for a number of years before beginning your present duties as guidance counselor and teacher of psychology.

Your background is quite varied and provides you with experiences necessary to be the good counselor that you are.

From an educational standpoint, your achievements include graduation from high school in Milton, Illinois, and Bachelor's and Master's degrees from the University of Illinois. Later you received your advanced certificate in Education from the U. of I. Never satisfied with your previous accomplishments, you furthered your education with work at MacMurray College, Culver-Stockton College, Western Illinois University, Southern Illinois University, and the University of Cincinnati. Having amassed 64 semester hours past your Master's degree, you presently have more college credits than any other teacher in the Roxana School System.

Your above-mentioned experience includes one year of teaching in Meredosia High School and one in Jacksonville High School before you came to Roxana. In addition, you were in the WACs for three years, two of which were spent in the European Theater of Operations during World War II.

Your memberships in the National, the Illinois, and the Roxana Education Associations and in the American and the Illinois Guidance and Personnel Associations are further indications of your interest in educational progress.

It is then with sincere pleasure that we, the staff, dedicate the 1968 ROX to you, not only as an outstanding person in the field of education, but also as a warm and understanding friend to the students of Roxana High.

He served as varsity basketball coach until 1960, at which time he assumed the duties of assistant principal. He became principal in 1962.

WILLIAM S. MYGATT

Mr. Mygatt, our assistant principal, completed his Master's Degree in Educational Administration from Southern Illinois University in 1964. He was assistant football coach and drivers' education instructor at Roxana High from 1960 until 1964, when he became assistant principal.

# Art Department

JAMES R. HILL
Master of Art Education, University of Illinois, Art, Theater Practice, Junior Class Sponsor, Art Club, Department Chairman.

TERRY J. DURHAM
B.S. Art Education, Southern Illinois University, Art.

The visual arts are an activity of the whole organism, an activity which begins in the senses with direct experience of facts, events, and ideas and finally involves the emotions. Until the individual becomes sensitive to experiences and to ideas, until experiences and ideas mean something to him personally, he is not able to think creatively either about himself or about his world. His sensibilities, his values and his attitudes are the key to his intellect. It is the primary function and objective of the visual arts to be directly concerned with the development of these essential components of learning, and it is the Art Department that is concerned with the teaching of these visual arts. Through both Studio and Art Workshop courses, Mr. Hill and Mr. Durham expose their students to many aspects of the visual arts. Mr. Hill and Mrs. Groshong also teach a theater practice class which deals with the visual arts as they relate to the design and construction of scenery. A new part of the Art Department this year is Art Service. The recent acquisition of a number of color slides has made it possible for Mr. Hill and Mr. Durham to go to individual classes to show slides and give lectures on various areas related to art.

The old method of teaching students the grammar and structure of a language has virtually disappeared. The foreign language department now emphasizes that the students will need the skills, knowledge, and understanding which will enable them to communicate directly with many foreign peoples in terms that the latter understand and value. French, German, and Spanish are the languages offered at Roxana. Miss Trogdon is the head of the Foreign Language Department.

BIRDINE M. GROSHONG
M.A. in English, University of Illinois, Speech, Dramatics, Theater Practice, English II, Junior Sponsor, Thespians, Stage Struck Stars.

The goals of the English Department are threefold. The first is to further the student's understanding of the nature and significance of the English language as an end in itself. The second goal of the department is to prepare the students of Roxana so that they can communicate well both in speech and in writing to afford them success in a competitive world. Last and most significant, through the study of literature, a branch of the Humanities, the English Department hopes to further the student's understanding of himself both as an individual and as a member of society.

In addition to English, reading serves as an important tool of communication. The reading department is designed to offer remedial reading to provide basic reading skills, In addition, developmental reading gives students the opportunity to vastly improve their reading rate and comprehension.

Industrial education offers students an opportunity to learn skills commonly found in industry. The skills taught are ones industry most often requires of job applicants. Areas of instruction include: crafts, drafting, electricity, electronics, printing, metal-working, power mechanics, welding, and wood working.

Each teacher in the Industrial Education Department has had industrial work experience which makes them especially well qualified to teach technical subjects. Under the direction of Mr. Sam Herndon, the teachers pass on to students skills required of them to perform specific jobs in industry.

Graduates of the industrial education program are capable of performing such operations as building wood furniture, welding pipe lines, machine tools, trouble shooting transistorized devices, repairing lawn mower engines, printing newspapers, and designing floor plans for homes.

LEW SHAVER
M.S. in Education, Southern Illinois University, Senior Health, Drivers' Education, Senior Sponsor, Sophomore Football, Junior Varsity Baseball.

Since most students need to take drivers' education before receiving their license, Roxana added two new drivers' education teachers this year. Drivers' education is divided into two parts. Everyone is required to take the thirty hours of classroom in order to graduate. The classroom phase teaches students the rules and courtesies of the road. The behind-the-wheel phase, which consists of six hours of practice driving, is open to any student who wishes to get driving experience. Health is an elective course open to seniors which replaces physical education for a semester. Health helps explain the body and its functions.

An interest in art is the common denominator for the members of the High School Art Club, sponsored by Mr. James Hill. Each fall the Art Club designs and builds the set for the Homecoming Coronation. The Art Club designs sets for any organization or program that requests this service. Through the building of sets and the making of Shell pennants, which are sold at football games, the Art Club raises money for an end of the year trip. This club also has many purely recreational functions; among them are hayrides and visits to the St. Louis Art Museum.

Picture yourself in front of Max Syfert, listening to Janet Slaughter play the introduction to a song. Suddenly, you realize that in the next moment you will sing a solo. If you sing well, you're in Special Chorus. If you bomb out, you will return to the outer darkness. That is what trying out for Special Chorus is like--a nightmare. If, however, you obtain membership in the group, you will find that it was worth the nightmare. True, you will work hard. Every Monday night from 6:30 to 8:00 is spent in practice. The Chorus does not sing often at school affairs, but this is compensated for by frequent performances for outside clubs and meetings. You may even get a solo after a while. Most of all, you will have a feeling of satisfaction because you will know that the group is good.

Leadership is a girls' physical education organization designed to develope leadership and self-confidence, and to further interest in the field of physical education. There is one leader for each P.E. class. She is responsible for taking roll, leading exercises, officiating in some sports and occasionally presenting a lesson to the class.

Leaders are chosen by the physical education faculty members and in order to apply they must have a "C" average in academic subjects and a "B" average in P.E. Girls who are chosen for leadership are expected to be reliable and willing to assist in class without being told. They should set a good example to the students in their class both in school and out, and they should earn and keep the respect of the students.

The leadership club has an annual picnic and cage cleaning party. In the spring of each year the leaders go on a weekend campout. Recognition is given to those girls who have been leaders for two years by the presentation of a special leadership pen.

# "Harvey"

This fall Roxana High School had a strange visitor, a six foot one and one-half inch tall, white rabbit. Harvey roamed the halls of RHS for several weeks, spending most of his time near Mrs. Groshong's room and around the auditorium. There were twelve people who became very good friends with Harvey. They were the cast of the fall play, "Harvey". Elwood P. Dowd, Harvey's best friend, was played by John R. Harvey. Elwood's sister, Veta Louise Simmons, and his niece, Myrtle Mae Simmons, were portrayed by Jan East and Suzanne Heinmiller, respectively. Mrs. Eugene Chauvenet, a friend of the family, was played by Debbie McIntire, and Connie Freshour played Miss Johnson, the maid. Another close family friend, Judge Gafney, was portrayed by Randy Bono.

The staff of Chumley's Rest included Wilson, an attendant, played by Robbie Ayres. Dr. Chumley and Dr. Sanderson were played by John MacDonald and John M. Harvey. Miss Kelly, a nurse, was portrayed by Jackie Vroman. Nancee Weaver played Mrs. Chumley, and Clayton Donaldson played the cab driver.

On November 16 and 17 Harvey's story was revealed to over seven hundred people. Although Harvey has left Roxana to delight people elsewhere, he will always be remembered by those who knew him.

# "On a Clear Day You Can See Forever"

Do you ever have the feeling the phone is going to ring exactly a minute before it rings? Can you find lost objects for someone before finding out what is lost? If you have experienced these things, then you have extra sensory perception. Is there such a thing as reincarnation? After having seen "On a Clear Day You Can See Forever", on April 4,5,6, everyone walked away wondering.

Daisy Gamble, portrayed by Janet Catt, had E.S.P. After being hypnotized accidently by Dr. Mark Brueckner, David McKee, it was discovered that she had also been Melinda Welles in the 18th century. Warren, played by Bill Brave, her 20th century financee, and Edward, played by Gregg Steinbrueck, her 18th century husband, added to her enjoyable predicament.

# "The Bald Soprano"

The contest play, "The Bald Soprano", took first place in the district speech contest and competed in sectionals. Members of the cast were Pat Griffith, John Campbell, John R. Harvey, Judy Stamper, Rick Jones, and Kay Winders. Mrs. Peggy Anderson and Mr. John Podner directed the play.

The following students were also eligible for the sectional speech contest: John MacDonald, poetry; Cindy Turnbeaugh, prose; John R. Harvey, original oration; Chris Smith, original monologue; Janet Catt, serious reading; and Pat Killebrew, after-dinner speaking.
